

# Fundamentals of a Quality Plasterboard Finish

A Government-designed online course for the NSW construction industry in collaboration with AWCINSW.

A great learning tool to improve workmanship, reduce rework, and prevent costly disputes.

## Who it's for

Plasterers • Builders • Architects • Painters  
• Carpenters • Homeowners

*CPD (Continuing Professional Development) is a requirement in NSW for all builders who must undertake 12 CPD points per year to maintain their building licence. Please visit Building Commission NSW for more information.*

PO Box 450, Parramatta NSW 2150 | T: 02 9891 6188 | E: [enquiries@awcinsw.au](mailto:enquiries@awcinsw.au) | [www.awcinsw.au](http://www.awcinsw.au)

## Key takeaways

- What defines a quality finish and who is responsible
- Australian Standards and levels of finish
- Planning across all stages of construction
- How to identify and fix issues early
- Clear communication across trades and clients

## Project impact

Deliver better finishes, reduce defects, and improve project outcomes.

## Assessment & CPD

Complete the assessment quiz and feedback activity to obtain your CPD certificate of completion.
